Jawaharlal Nehru Technological University Kakinada,
Kakinada-533003, Andhra Pradesh, India.
University College of Engineering Kakinada
Department of Mechanical Engineering

Course: M.Tech(CAD/CAM)

Faculty Feedback – Suggestions received:

- Industry relevant courses need to be included.
- Multidisciplinary courses need to be included.
- To improve placements.
- Course content of the labs has to improve and practice of the labs has to increase.

Alumni Feedback – Suggestions received:

- Improve the equipment and course content related to labs so that students can be accompanied themselves to practical things in near future.
- Extremely happy with our university.
- Great feeling to visit,excellent faculty and people,we are doing great in our career.
- The overall process is satisfactory .However,would be better if university incorporates any communication skills and language skills program in the same.

Parent Feedback:Course Curriculum implementation:

1. Post graduation – documents procedure could be improved .For instance,students have to go through various procedures for getting transcripts .This could've been made online and better streamlined process.
2. The teaching and explanation is good and satisfactory .The latest industrial subject be also o be introduced to the students.
3. The overall process is satisfactory .More time should be provided for industrial internship .Offline industrial interns should be made as mandatory.
